THE AMAZING SPIDER-MAN™ and CAPTAIN AMERICA®

in **DR. DOOM'S REVENGE!**

The evil genius Dr. Doom has stolen a U.S. nuclear missile, and threatens to detonate it over New York City if his demands aren't met. The lives of five million innocent people rest on Doctor Doom's two arch-enemies: Spider-Man and Captain America. But this time Doom has created an army of robotic guards, and assembled the most formidable group of Super Villains ever, including Electro, Machete and The Hobgoblin to carry out his sinister plans.

You play the part of both Spider-Man and Captain America, invading Dr. Doom's fortress to save New York from Armageddon. You'll see authentic-looking comic book pages "tear open" for actual combat scenes, where you'll use Spidey's wall-crawling and web-slinging powers — or Cap's amazing shield — to defeat Doom's emissaries. Should you survive all this, you'll then face the evil Doctor Doom himself, an armored madman obsessed with revenge.
